The Carolina, held a conference yesterday afternoon to talk over plans.

That there will be a union depot there is hardly any doubt. This has been prac-

is hardly any doubt. The decision is practically decided upon, but many details are to be arranged. The character of the building and its cost have not been agreed upon. It will be at Fifteenth and Main streets.

Another conference will be held in a few days to consider details of the plan.

SOUTHERN'S SCHEME.

President John Skellon Williams, of the

Seaboard Air Line, was asked yesterday what he had to say about the alleged plans of the Southern road to build a parallel line to the Seaboard's from Columbia, S. C., to Jacksonville.

Mr. Williams stated that he knew nothing more about the matter than what was published in The Times yesterday. He stated that the shortest route the line could build would be longer

Southern could build would be longer than the Seaboard Air Line's and that the new business that will come to the Seaboard will more than offset that which it will lose if the Southern shall carry out its alleged plan.

A SENSATION IN CREWE.

Raiding a Gambling House Implicate Some Prominent Citizens.
GREWE, VA., March 28.—Special.—Considerable excitement prevails here to-day over a raid made by the town authorities on a gambling den here at 3 o'clock this morning. The place was conducted by W. T. Sullivan in a room over T. W. Vaughan's bar-room, on Carter street.

Sullivan came here from Charlottesville about a year ago. His place has been long suspected by the town authorities but no clue could be gotten by which an arrest could be made. About three weeks ago it was decided to employ a detective to work up the case, and on the 12th of the present month C. C. Gayle, of Roanoke, a member of the Baldwin Detective Agency, arrived and has succeeded in working up a case.

The detective notified the authorities that he would be ready to make the raid last night, and Mayor Bryant, Sergeant Maxey, Policeman Burkholder, Councilman B. E. Robinette, Mr. James L. Allen, and Rev. G. H. McEaden waited in the Mayor's office until Gayle notified them that everything was ready. Just before 3 o'clock Gayle asked Walter Fears, a negro who keeps a restaurant

next to the house in which Sullivan kept the gambling room, to show him where Dr. Adams lived, and as soon as he was a few hundred yards down the street Gayle arrested Fears and turned him over to the police, charging him with selling whisky on Sunday without license. Gayle then took Sergeant Maxey and the other gentlemen who were in waiting at the Mayor's office, and raided Sullivan's room, and caught about a dozen men at

John Fletcher was among the numbers caught in the room, and was arrested as an accomplice of Sullivan's.

A large number of warrants of arrest have been issued, and the Mayor's Court will present a lively scene to-morrow morning at 10 o'clock.

Sullivan, Fletcher and Fears were taken before Mayor Bryant this morning, and their cases were continued until to-morrow. Sullivan is out on a \$500 bail. Fletcher is being guarded by a special policeman, and Fears is locked up in jail.

The Webb Quartette, of Richmond, gave a concert at the H. L. E. Hall here last night under the auspices of the Order of Railroad Trainmen. Despite the bad weather, a large crowd heard the grand

weather, a large crowd heard the quartette, and are loud in their praises of the entertainment furnished.

OLNEY FOR PRESIDENT.

His Availability Urged on Account of His Imperialistic Views.

MILWAUKEE, WIS., March 28.—The Journal to-day says: "That a movement is under way to make ex-Secretary of State Richard Olney the Democratic candidate for President next year is revealed in a letter from Boston to The Journal. 'General Olney's campaign is based on the theory that he is not for Imperial-

On the theory that he is not for imperialism. The writer of the letter referred to is very prominent in Democratic politics, and he says the movement in Mr. Olney's favor is well under way.

"It is urged in his behalf that he, though a Gold Democrat in 1896, did not make himself obnoxious to the Free Silver element, and that on the expansion question he would be an available can-

candidate, being opposed to the annexation of distant islands to the territory of the United States. Mr. Olney's views of the acquisition of foreign territory are very pronounced. He believes in the United States striving with the other nations of the world for commercial greatness, but not for political extension."
